MEMORANDUM FOR DISTRIBUTION

SUBJECT: Final Report of the Army Science Board (ASB) Ad Hoc
Subgroup (AHSG) on the Army's Light Helicopter
Family (LHX) Program

Attached is the final report of the ASB AHSG on the
Army's LHX Program.

This report describes some of the observations, analyses,
conclusions and recommendations of the AHSG on selected
critical issues related to the Army's LHX aircraft program.
The basis for LHX, LHX program management, technology risk
assessment, speed, and one versus two-man flight crew are
discussed in the initial sections of this report. These
issues constitute the more fundamental aspects of the Army's
LHX program which were reviewed by the AHSG.
